

# Z1

## 5G Industrial Outdoor Gateway

### **Overview**

With powerful data collection, storage, analysis and processing capabilities, Hongdian Z1 5G intelligent IoT gateway is mainly aimed at the industrial sector and can also be used for indoor and outdoor network coverage, providing customers with a total solution for device networking, edge computing and intelligent operation and maintenance.

### **Highlights**

#### **Excellent WiFi Coverage**

Support new generation 802.11ac Wave2 and dual-band 2x2 MU-MIMO  
Equipped with IPQ40X9 LTE/NR CPE

#### **High Stability**

Fully industrial grade hardware platform with 4 core high performance CPU  
Support wired, WLAN, 4G/5G multi-network access

#### **Multiple Mounting Options**

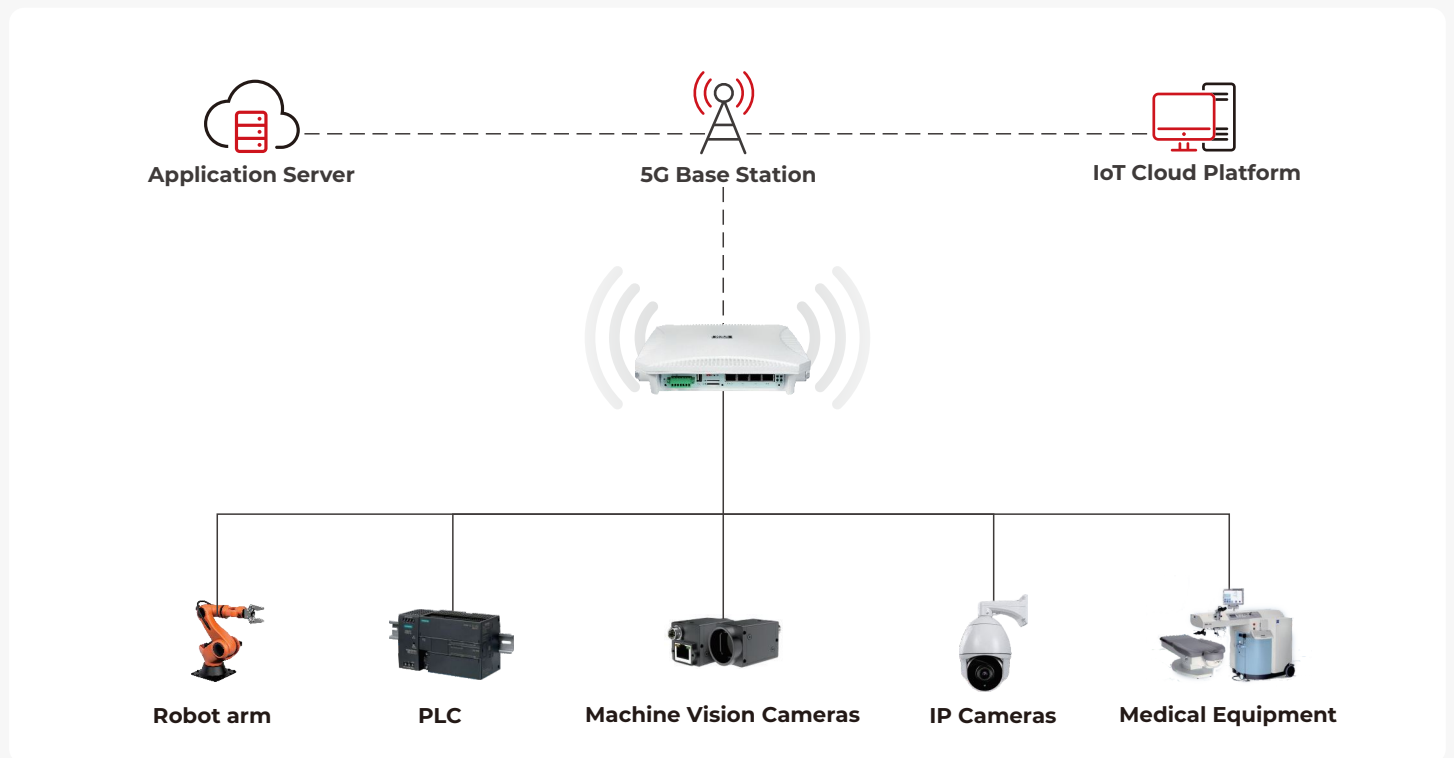

Support ceiling-mounted installation

#### **Industrial Standard Design**

Wide temperature and input voltage range, above IP66 protection level

## Topology diagram

Smart Manufacturing

Smart Factory

Smart Ports

Smart Healthcare

## Features

### Rich interfaces

RJ45, RS485, RS232 and other industrial field interfaces

### VLAN

Dividing VLAN, network isolation

### 5G ultra-high-speed network

Support for frequency locking, cell locking, support for 5G/4G, WiFi wired multi-network simultaneous access, multi-network backup switching

### VXLAN

VXLAN, LAN networking  
Support bridging, port forwarding and other functions  
Support multi-DNN

# Specification
